LETTER OF RECOMMENDATION

It is my pleasure to write a letter of recommendation for **Mr. Muhammad Nadeem S/O Muhammad Amin** who studied in my class during his BSCS at University of Sahiwal, Pakistan.

During his stay at University of Sahiwal, I found him one of the best students I dealt with. I have watched him growing and seen his talents and abilities not only in the classroom but outside its walls, when interacting with all types of people, as well. He is diligent, aggressive, and self-starter. He has a very inquisitive mind and does not wait to be told to investigate or analyze problems; he has the ability to recognize and initiate what needs to be done. Furthermore, he can actively engage in numerous challenging tasks concurrently without compromising the work quality.

One of his matchless talents is the ability to grasp technically strenuous material on his own and come up with genuine and striking ideas. Due to his creative mind and inherent hard-working nature, expected to achieve a genuine development in any professional environment.

I believe that **Mr. Muhammad Nadeem** would be an excellent addition to any institution. I hope you will also find his attributes and potential attractive and I hope that you will favorably consider his application in your prestigious institution.

Feel free to contact me in case of any query.
