Muhammad Nadeem

Subject: Letter of Appreciation

This letter of appreciation is presented to Muhammad Nadeem. On behalf of CGI, I would like to thank you for reporting the security issue and bringing it to our attention. We have taken the proper actions to address it.

Security is our top priority at CGI. However, despite our efforts there can always be vulnerabilities present.

CGI does not currently participate in a bug bounty program and cannot offer any monetary awards at this time. However, your request will be reviewed once our program is in place if it fits applicable criteria. We truly appreciate your professionalism and the manner in which you reported the security issue.

Once again, thanks for your help!

Yours truly,

A handwritten signature in black ink, appearing to read 'R. Daoud', is placed over a faint rectangular background.

Raymond P Daoud

Letter of Appreciation

Dear Muhammad Nadeem,

On behalf of Protectstar, I would like to thank you for your diligence in identifying and reporting a security-related observation within our systems, submitted through our Vulnerability Disclosure Program on August 29, 2026.

We appreciate the professional manner in which you handled the disclosure. Your report was clearly written and well structured, and the reproduction steps and supporting material you provided allowed our team to review and assess the matter efficiently. You reported your observation to us directly rather than publicly, engaged constructively throughout our correspondence, and respected our request to treat the details confidentially while the matter was being handled internally.

At Protectstar we regard security researchers as partners rather than adversaries. Coordinated disclosure works because researchers approach it the way you did, and we are grateful for the care you brought to this report.

We value your proactive approach and your commitment to a secure digital environment. It is a pleasure to provide this letter of appreciation as a reference in support of your professional applications.

With appreciation and best regards,

Chris Bohn

Chief Executive Officer
Protectstar Inc.

This letter relates to a single report submitted through our Vulnerability Disclosure Program. It is not a comprehensive assessment of the recipient's skills, character, or suitability for employment.

It does not confirm the existence of any security vulnerability or deficiency in Protectstar's products, services, or infrastructure, nor does it authorize any current or future testing of Protectstar systems or alter any confidentiality obligations that may exist.

It is issued for Muhammad Nadeem and may be shared with prospective employers in support of employment applications. Public distribution or promotional use requires our prior written consent.
